SECURITY REPORT FOR AGM 30TH JUNE 2019

Thankfully, there are no incidents to report regarding security issues during Shabbat services, festivals or events.

The Community Security Trust (CST) and the local police continue to make regular visits to the shul and the police are constantly in touch to keep up with what is going on.

I would like to thank all those who have covered security on a regular basis for Shabbat services. I don't want to name anyone specifically as I'm not always there, but you know who you are, so many thanks from the entire congregation for stepping up.

Unfortunately, the CST Grant for security personnel has been stopped due to the funds being needed for more prominent locations, such as schools. I am however in discussion with them as we have a large congregation.

In my report last year, I said that I intended to start a security rota to include all those members able and willing to help. I have now asked the administrators to send emails to all members, asking if they are in a position to be of assistance and hope everyone will be willing to give a few hours now and again to this sadly necessary requirement.
